

September 2026

Three new rollouts for our client community

Growing Together, Every Month

We're rolling out monthly updates to keep our community informed, supported, and moving forward. Here's what's new for you this September.

01

SEO & WEBSITE OPTIMIZATION

Every month we run **fresh keyword research** tailored to your market, analyze what your top competitors are ranking for, and optimize your **Google Business Profile**. Faster pages, sharper local targeting, and a monthly ranking report so you see exactly where you're climbing.

RANK HIGHER ON GOOGLE

02

CRM UPDATES — MORE AUTOMATION

Your CRM just got more powerful. **Automated follow-up sequences** fire the moment a lead comes in, smart routing sends every inquiry to the right place, and **missed-call text-back** keeps conversations alive. Appointment reminders and review requests now run in the background too.

NEVER MISS A LEAD

03

NEW MONTHLY GIVEAWAY

We're celebrating the clients who show up and grow. Each month our top performer wins **one full month of service free** — no cost, no catch. Every client is **automatically entered**, and September's winner will be announced at the end of the month.
